## REUNION - with a lasting impression...

Presentation is crucial in today's competitive business world. A Boardroom or Conference Table is the focal point of a meeting room and often a symbol of status and power. It's where deals are made and contracts signed with lasting impressions.

Boardroom Tables are often seen as static units placed once for a sole purpose and rarely moved or reconfigured. Conference furniture is more adaptable to its requirements. Configurations from presentations to group activities, from meetings to education, the options are endless. Storing is made easy with Stacking, Tilting or Folding Units. Create a third dimension to these spaces by adding exclusive Storage for any eventuality.

Let Reunion assist in providing you with a professional, sophisticated and corporate company image incorporating contemporary design elements with modern materials and finishes.

### Reunion is broken down into the following categories:

**Boardroom:** A variety of table top shapes are available. Select your required table top. Then choose from four under frame options comprising of Effex (silver finish), Classic Solo (two tone finish of silver & black), Tulip (silver finish) and Panel End. Glass inserts are available as an optional extra. Finally, choose the table top board finish. This provides the freedom to configure & personalise your own bespoke table.

**Conference:** Choose from a full range of table top shapes. Then select from three under frame options (all with silver finish) comprising of Stacking, Tilting and Folding. Finally, choose the table top board finish.

**Storage:** Unique selections of units are available ranging from Tall Wall Units to Shallow Credenza Units. Mobile Audio to Lecterns complete the range. Select an optional lighting accessory to enhance the units' appearance.

**Screens:** Three options of floor standing Mobile Screens are available: A fully upholstered Fabric screen, a screen with a Dry Wipe Board top section and a screen with a frosted Acrylic top section. Just remove the castors should you wish to make the screens static. A full range of Lucia fabric colours are available.

**Accessories:** A full range of accessories are available. Select from cable management, lighting and power supply options to a classic mini bar fridge for the credenza storage units.

Reflecting the Panel End under frame creating a traditional yet contemporary look.

Ellipse – a stylish profile promoting clarity and harmony within the office environment...

A unique shape where tilted circles appear as ellipses and therefore have an inherent ambiguity of depth.

Stylish cable ports and glass inserts compliment and add to its functionality. Also available are boardroom tables with mobile circular ends which can slide away from the table when presentations with an LCD Projector are required.

Effex under frame offering a modern and contemporary feel.

Effex Beam System on a Boat shaped table top

Simple in shape its appearance secures a place in the modern world...

Rectangular, the most basic of shapes complimented with the combination of modern materials and finishes create that all important hi-tech appearance.

Boat shaped, still simple in geometry, yet giving added dimension and depth without compromising its appeal.

**UBR226BSC**  
The Classic Solo leg with its unique design and two tone finish gives the impression of a floating top creating the overall appearance of a true urban office.

Three Classic Solo legs accentuating the three corners of the triangular table top.

Classic in form and style with a central focal point for a more intimate and personal touch...

Circular, a symbol of unity, perfection and completion makes this shape a perfect candidate for a meeting table and is further enhanced with a selection of three under frames.

Triangular, symbolic for aspiration and desire with being the simplest geometric shape and yet the essence of stability. Its energy is dynamic and creates change, moves forcibly with power. Appropriate for a small meeting room where results are in great demand.

Features the Classic Solo leg allowing the table top to float with a comfortable seating arrangement.

Alternative view.

Alternative – the chic yet functional answer to contemporary working requirements...

Different & unconventional are the key words to describe this range. A modular system comprising of minimal shaped tops can offer an array of options and choices. All configurations boast a central opening to enhance the visual, spacious aspect of these layouts.

Three under frame options are available to personalise these units and cater for any eventuality.

**UBA28VBSC**  
The ten seater elliptical table clearly shows the opening in the centre and lets the table top appear lighter. The classic Solo leg option allows for plenty of leg room and a comfortable seating arrangement.

Standard trapezoidal tables in a horseshoe configuration ideal for presentations.

## Stacking – optimisation and flexibility...

All stacking tables are modular with tubular legs that locate securely to the table tops. Compact when stored and not in use makes this the perfect solution when there is minimal storage available.

Plenty of leg space is provided as the legs are fitted to the outer corners of each table.

PVC table ties simply link the individual tables together for added stability.

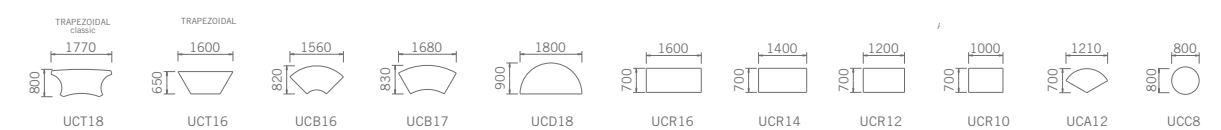

Standard trapezoidal tables in a hexagon formation comfortably seating 12 people.

## conference > stacking

Displaying the disassembly of the table as well as the stacking and storing options of the trolleys. Two types of trolleys are available, one dedicated for tops and one for storing tubular legs.

### layout configurations

The main shot approached from a different angle

Tilting - Short on time and storage space...

Handles located under the top tilt the table enabling limited storage space to be utilised more efficiently.

This option is quick and efficient to use throughout the day, with numerous layouts, configurations are endless.

Four Classic Trapezoidal tables with Circular tables acting as links. With this feature you can manipulate your configuration to seat any number of delegates. Room size is the only restriction. Not only is this option functional but also adds design, flair and interest to the overall layout.

Classic Trapezoidal and circular tables provide this triangular layout.

### layout configurations

Horse shoe configuration ideal for training and presentations.

Folding – fold away the legs and stack. It's that easy...

It is ideal for any task or discipline from seminars, meetings and recruiting, to education, training and multimedia presentations. It is a necessity in every office, where extreme flexibility is of the essence.

The legs are static as standard with height levellers but can be upgraded to a mobile unit by requesting a castor pack. Legs are positioned at the far corners which help to maximize the seating area.

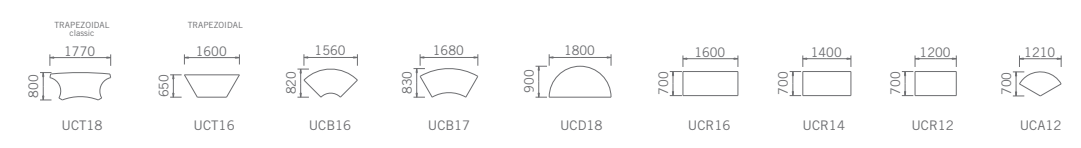

A D-End configuration made up of rectangular and radius segment tops. Maximum leg room and clear visibility from every seating position is apparent.

conference > folding

layout configurations

UCR16FSC Folding leg table and UCTT table trolley with tops stacked ready for storing.

Tall storage units, wide and narrow.

## Storage – the essential third dimension...

Executive storage to complete a sophisticated image for any meeting room. Tall units create an ambient backdrop. Shallow credenza units have been optimised to hold a mini bar fridge and mobile units assist in storing media equipment.

Soft closers are standard on all wooden hinged doors. In addition you can accessorise the units with modern led and halogen lighting.

Shallow units, credenzas.

Mobile storage and lectern.

Mobile audio visuals or filing unit.

## Screens – mobile and quick solutions...

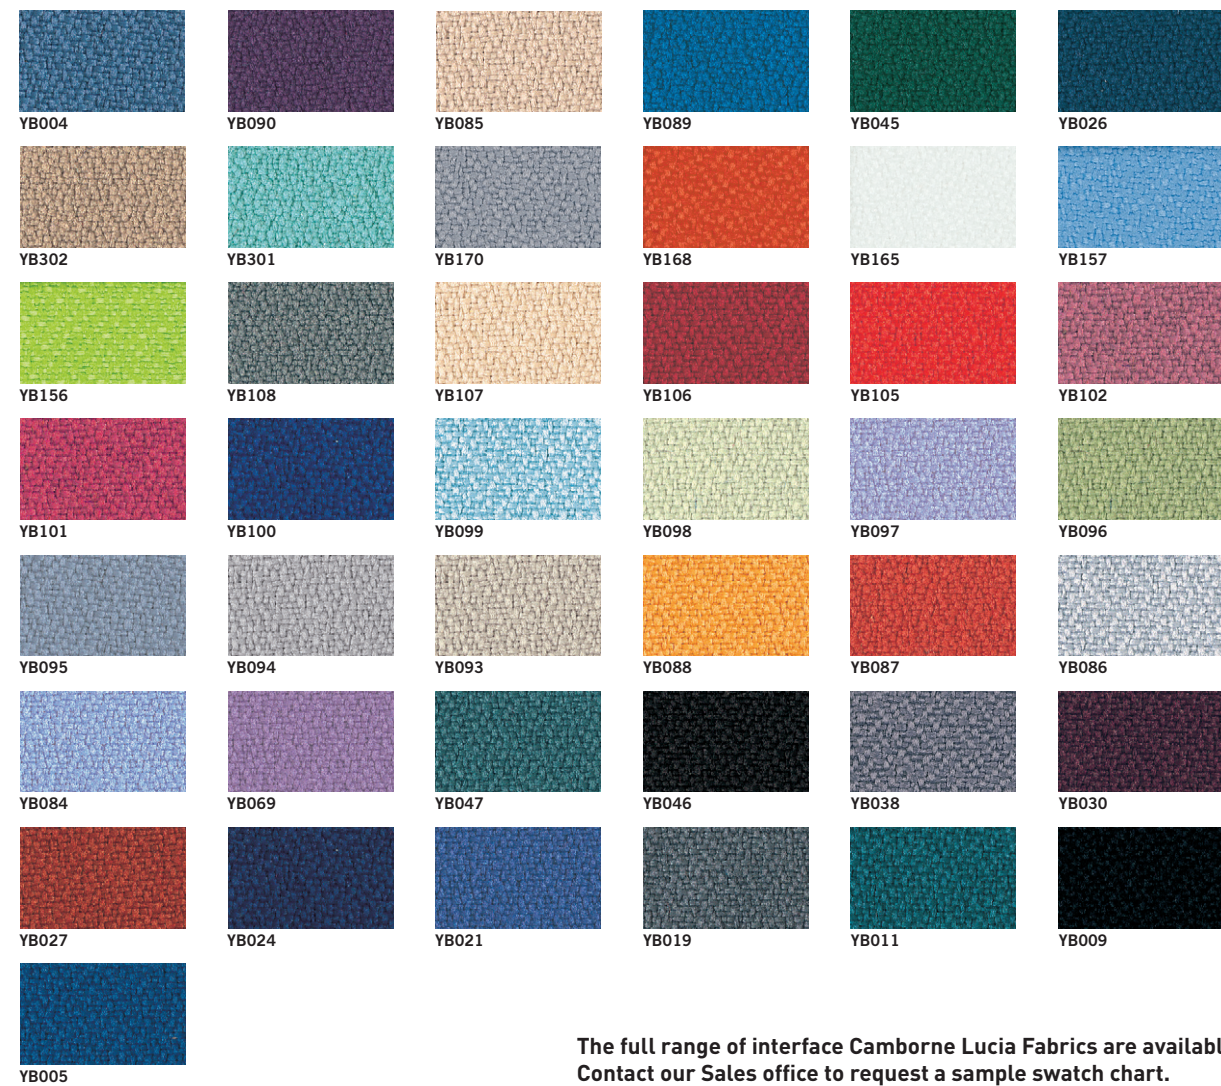

On occasions a conference layout requires screens to partition off areas. Recruiting and team-building exercises are just a few examples. A choice of three mobile screen finishes are available. A fully upholstered Fabric screen, a screen with a Dry Wipe Board top section and a screen with a frosted Acrylic top section. Remove the castors should you wish to make the screens static. A full range of Lucia fabric colours are available.

## Accessories – for the finishing touch...

A full range of accessories are available. Select from cable management, lighting and power supply options to a classic mini bar fridge for the credenza storage units. Refer to the Reunion Price List for the full range of accessories.

### screens & interface > lucia fabric swatches
